Technical Skills

Languages and Databases : HTML, CSS, JavaScript, React.js, Node.js ,Express.js, MongoDB

Developer Tools : VS Code, Git, GitHub, Chrome DevTools, Postman, Vite, Redux Toolkit

Frameworks: Bootstrap, Tailwind CSS, Material UI

Additional Skills : REST API Integration, JWT Authentication, Responsive Web Design, Agile Methodology

Experience

Oasis Infobyte

Sep, 2024 – Nov, 2024

Web Development intern , Virtual

- Assisted in developing and maintaining responsive websites using **HTML, CSS, JavaScript, and React.js**.
- Collaborated with design and backend teams to integrate APIs and dynamic content.
- Optimized website performance, improving load by efficient coding and asset management.
- Implemented mobile-first, cross-browser compatible designs using frameworks like **Tailwind CSS** and **Bootstrap**.
- Participated in daily stand-ups and code reviews, gaining hands-on experience with **Agile development practices**.
- Utilized **Git** and **GitHub** for version control and collaboration on multiple team projects.

Projects

Social Networking App:

March, 2025

Tech Stack: *React.js • Node.js • Express.js • MongoDB • Tailwind CSS • JWT Authentication*

Developed a mobile-first social networking platform allowing users to create profiles, connect with others, and exchange messages in real time.

- Built frontend interfaces using **React.js** focusing on responsive design and smooth user experience.
- Integrated **authentication** systems (**signup/login**) using **JWT tokens** and secure **password hashing**.
- Designed **backend APIs** with **Node.js** and **Express.js**, handling **user data, friend requests and posts**
- Used **MongoDB** for storing **user profiles, Connection request, and interactions**.

Food Ordering App:

Nov, 2024

Tech Stack: *React.js • Redux • React Router • Tailwind CSS • Framer Motion*

Developed a fully responsive food ordering web application using **React.js** for the frontend and **Redux** for global state management.

- Implemented features like **browsing restaurants, viewing detailed menus, adding/removing** items from the cart, and managing orders.
- **Used Redux to handle cart state, user authentication state, and order across different components.**
- Built **dynamic routing** between pages (**Home, Restaurant, Cart, Checkout**) using **React Router**.
- Designed a clean, mobile-first UI using **Tailwind CSS**.
- Structured the app using reusable **React components** and modular folder architecture.

Personal Portfolio Website:

March, 2025

Tech Stack: *React.js • React Router • Tailwind CSS • Framer Motion*

Designed and developed a fully responsive personal portfolio using **React.js** to showcase projects, skills, and experience.

- Created multiple sections including **About Me, Projects, Skills, Contact, and a downloadable Resume** link.
- Implemented **React Router** for smooth navigation between different sections/pages.
- Applied **Tailwind CSS** for modern, mobile-first UI design and animations.

Education

Gita Autonomous College

Master of Computer Application

Nov 2022 – Aug 2024

Bhubaneswar, Odisha

Sri Ganesh Resident College

Bachelor of Science

April 2018 – July 2021

Astaranga, Odisha

Mahatma Gandhi Junior College

+2 Science

May 2016 – March 2018

Astaranga, Odisha
